

No Self-Control (2002 Digital Remaster)

Peter Gabriel

Got to get some food
I'm so hungry all the time
I don't know how to stop
I don't know how to stopGot to get some sleep
I'm so nervous in the night
I don't know how to stop
No, I don't know how to stop
I don't know how to stop
I don't know how to stopGot to pick up the phone
I will call any number
I will talk to anyone
I know I'm gone too far
Much too far I gone this time
And I don't want to think what I've done
I don't know how to stop
No, I don't know how to stopThere are always hidden silences
Waiting behind the chair
They come out when the coast is clear
They eat anything that moves
I go shaky at the knees
Lights go out, stars come down
Like a swarm of beesNo self-control
no self-control
No self-control
No self-control
No self-control
No self-control
No self-controlYou know I hate to hurt you
I hate to see your pain
But I don't know how to stop
No, I don't know how to stopStreet after street
Night after night
I walk on through the rain
I walk on through the rain
I don't know how to stop
I don't know how to stopNo, I don't know how to stop
I don't know how to stop
I don't know how to stop

I don't know how to stop
