(Robin Thicke)
I?m in the mood for lovin?
We?ll be touchin, We?ll be huggin
I?m in the mood for lovin?
We?ll get into..
(Chorus)
It?s in the morning I wanna touch
It?s in the morning I wanna love you
It?s in the morning no interruptions
It?s in the morning, Sex in the morning
It?s in the morning I wanna touch
It?s in the morning I wanna love you
It?s in the morning no interruptions
Sex in the morning, Sex in the morning
You know I love it first thing
Cuz you just let it marinate, let it marinate
I?ll wait for you to open your eyes
Look at me and smile
You know what I want do
You slowly pull down the sheets to reveal what you keeping wide
I can?t push sleeping anymore and you got the hottest body
I got the hottest hottie
Let me put some cream in your coffee
