I'm in the mood for lovin'  
We'll be touchin, We'll be huggin  
I'm in the mood for lovin'  
We'll get into..

(Chorus)

It's in the morning I wanna touch  
It's in the morning I wanna love you  
It's in the morning no interruptions  
It's in the morning, Sex in the morning  
It's in the morning I wanna touch  
It's in the morning I wanna love you  
It's in the morning no interruptions  
Sex in the morning, Sex in the morning  
You know I love it first thing  
Cuz you just let it marinate, let it marinate  
I'll wait for you to open your eyes  
Look at me and smile  
You know what I want do  
You slowly pull down the sheets to reveal what you keeping wide  
I can't push sleeping anymore and you got the hottest body  
I got the hottest hottie  
Let me put some cream in your coffee
