11:00am (Daydreamer)

10 Years

I can't seem to change you or open up your eyes
So go on and sing your sad, sad song
I don't even blame you, the routine is nice
Nine to five in a suit and tieFear of failure in comfort zones killBrace yourselves and give into the moment
You've got nothing to lose, so what is your excuse?
Save yourselves, you're dying in slow motion
You've got nothing to lose, so what's your excuse?Life can seem to teach you the safe cottage route
So stray from the fight, don't you realize
The daydreamer's nightmare is to never even try?
Your time has slipped byFear of failure in comfort zones killBrace yourselves and give into the moment
You've got nothing to lose, so what is your excuse?
Save yourselves, you're dying in slow motion
You've got nothing to lose, so what's your excuse?Take a step back and find a way out of here
Can't you see that the answer is loud and clear?Brace yourselves and give into the moment
You've got nothing to lose, so what is your excuse?
Save yourselves, you're dying in slow motion
You've got nothing to lose, so what's your excuse?Find a way out of here
