

French Kissin'

Blondie

Love's touch comes to mean so much
Embrasser c'est Francais
Embrasser c'est Francais
Love's way, s'abandonner
Embrasser c'est Francais
Embrasser c'est Francais
Slip into the velvet glove
Parted lips so filled with love
Embrasser c'est Francais
Embrasser c'est Francais
Lips upon forbidden places
Lingering in long embraces
Embrasser c'est Francais
French kissin' in the USA
French kissin' in the USA
Ay, French kissin'
French kissin' in the USA
French kissin' in the USA
Lips are in motion
Ocean to ocean to ocean, ocean to ocean to ocean
Paris is calling
Falling, we're falling, we're falling, falling, we're falling, we're falling
Lips close, then blossom like a rose
Embrasser c'est Francais
Embrasser c'est Francais
Lips wide holding you inside
Embrasser c'est Francais
Embrasser c'est Francais

Kisses hard, kisses deep
A kiss to wake us from our sleep
Embrasser c'est Francais
Embrasser c'est Francais
Take your lover by the hand
Speak in tongues and understand
Embrasser c'est Francais
Embrasser c'est Francais
French kissin' in the USA
French kissin' in the USA

Ay, French kissin'
French kissin' in the USA
French kissin' in the USA
Lips are in motion
Ocean to ocean to ocean, ocean to ocean to ocean
Paris is calling
Falling, we're falling, we're falling, falling, we're falling, we're falling
French kissin' in the USA
French kissin' in the USA
Ay, French kissin', French kissin'
French kissin' in the USA
French kissin' in the USA
French kissin', French kissin', French kissin'
French kissin' in the USA
French kissin' in the USA
French kissin' in the USA
French kissin' in the USA
Ay, French kissin', French kissin', French kissin'
French kissin' in the USA
French kissin' in the USA
