The Cure

J. Cole

[Intro] Cole World, the new Nat King
If I ain?t the illest nigga, I?m his new vaccine
Really more like poison when his New Jack Swing

And my bed is like a deck of cards ? two black queens
A nigga don?t like me, he just a fucking hater
What you made last week, I just tipped the fucking waiter
What that feel like? Tell me what that feel like?
Get The Story On Fuse From Peop Popped
