

Wondrous Sampo

Nihilistinen Barbaarisuus

Oh, thou daring son of Lempo
Best of all my friends and comrades
Well examine the horizon
Whether clear or filled with sorrow

Clear the sky appears
But behind a dark horizon
In the north a cloud has risen
And a longer still is near

Art thou speaking truth?
I am fearful of the war-ships
Of Pohyola quick pursuing
Look again with keener vision

I will never share the Sampo
Not with thee thy child of Lempo
Not with wicked LemminkÃ¤inen
Not with thee old VÃ¤inÃ¤mÃ¶inen

Clear the sky appears
But behind a dark horizon
In the north a cloud has risen
And a longer still is near

Not a Laplander can banish
VÃ¤inÃ¤mÃ¶inen and his people
Never can a Turyalander
Drive my tribes from Kalevala

I will never share the Sampo
Not with thee thy child of Lempo
Not with wicked LemminkÃ¤inen
Not with thee old VÃ¤inÃ¤mÃ¶inen
