Nothing To Me

Tinted Windows

It's time to say it
Time to put it on the line
Cause I let you keep mistreating me
While I pushed it to the side
You treat me like I'm deaf and dumb
You keep me under your thumb each day
You don't think I'm man enough
To come right out and sayYou don't mean nothing to me
You don't mean nothing to me
And I am moving on
And I am moving onWell I regret all
Of the time I let go by
And the lies that you been spreading
Make me out as the bad guy
You treat me like I'm deaf and dumb
You keep me under your thumb each day
You don't think I'm man enough
To come right out and sayYou don't mean nothing to me
You don't mean nothing to me
And I am moving on
And I am moving onYou think I'm never gonna leave you
I'm always gonna be here
Waiting round as long as you need
But I'm not gonna wait
So I can count the days
Until you decide to leave
You never thought I'd come right out and sayYou don't mean nothing to me
You don't mean nothing to me
And I am moving on
You don't mean nothing to me
And I am moving on
Ohhh
You don't mean nothing to me
You don't mean nothing to me
