

Mine is Yours (Yeastayer Remix)

Cold War Kids

You were changing colors like the leaves in fall
I was saving up for the long winter
Summers wind, hideout in my car
When it broke down we didn't care
We'd figure out another way to get me there Mine is yours
What is mine is yours
What is mine is yours
What is mine is yours A realistic love runs out of room
I try to talk big but my mouth don't move
'Cause I don't own the sun I don't own the moon
They only come out when they want to
They don't care whether I promised you
They only come out when they want to
They don't care whether I promised What is mine is yours
What is mine is yours
What is mine is yours
What is mine is yours You wanna fight about it
You wanna fight about it
You wanna fight about it
Come on, come on I made you cry about it
I made you cry about it
I made you cry about it
Come on, come on
There was no other way
To let you in here to stay
We had to give it away
Come on, come on
And when we come up for air
And when we come up now we know All my stones become your pearls
All of my trials are your treasures
All my dead you inherit
All of my crimson lines will shine 'Cause mine is yours
What is mine is yours
What is mine is yours
What is mine is yours
What is mine is yours is yours is yours is yours
