

Star

Belly

It's hard for a star Sweet, sweet, sweet, wind
Burn off this skin
Get it to reach Sachuest beach
I can never win with this body I live in
(Star version ends here)
(Full band version)
Its alright, its alright, its alright
I'll just stand up
Pick up my stuff and Sweet, sweet, sweet wind
Burn off this skin
Get it to reach Sachuest beach
I can never win with this body I live in
