Not the One (For Me)

Amanda

You broke my heart
One too many times
Heartache and pain
Was all I could findBoy, you're caught up in the game
But I know that even though
You're not the same
You should know what's rightOnly a look at you
And the things we use to do
Makes me realize
Oh baby, I realize'Cause I gave you everything
And so much more
I thought you were the one
Worth waiting forNow I know it's true
How could I be a fool?
It's all about you, oh babyYou better stop telling me lies
You better start doing me right
I ain't gonna make the same mistake twice
That's why I'm leaving tonightThis ain't the way to be
Whatever you're trying to say
Boy, you're not the one for meBabyBoy, what you did was just so bad
And baby, it's so sad
How could you leave me just like that
Then say you want me back?Now you are not the same
And I'm not the one to blame
You played yourself
In this stupid game'Cause I gave you everything
And so much more
I thought you were the one
Worth waiting forDon't take it personal
Oh, it's a simple case
Just get out of my face
BabyYou better stop telling me lies
You better start doing me right
I ain't gonna make the same mistake twice
That's why I'm leaving tonightThis ain't the way to be
Whatever you're trying to say
Boy, you're not the one for meBaby'Cause I gave you everything
And so much more
I thought you were the one

Worth waiting forDon't take it personal
Oh, it's a simple case
I had enough of you
Just get out of my face, babyYou better stop telling me lies
You better start doing me right
I ain't gonna make the same mistake twice
That's why I'm leaving tonightThis ain't the way to be
Whatever you're trying to say
Boy, you're not the one for meYou better stop telling me lies
You better start doing me right
I ain't gonna make the same mistake twice
That's why I'm leaving tonightThis ain't the way to be
Whatever you're trying to say
Boy, you're not the one for me
