

Time to Wonder

Fury In The Slaughterhouse

We've got time to wait
And we wait still it's too late
We always move in seconds in a world of hours and days
We've got bones and blood
Is this all what we've got
I thought there was a brain
But maybe I just thought in vain
This is not the time to wonder
And this is not the time to cry
This is not the time to sleep while we fight
And this is not the time to die
Reality and dreams
Reality is not what it seems
It's not the way we want it
It's just the way it gotta be
We've got love and hate
But we can't estimate
What's the right solution to kill the illusion of this world
This is not the time to wonder
And this is not the time to cry
This is not the time to sleep while we fight
And this is not the time to die
And this is not the time to wonder
This is just a time to fear
Don't worry about the meaning
Don't worry 'bout the world
It's the question how to see it clear
