# Over It

## WATERS

If we fucked it up, it wasn't my fault
I won't share the blame just cause you say so
It doesn't take a lot to find a million reasons to get over it
You said it didn't matter and you couldn't feel a thing
It's over now
It's over now
But it's all I see when the lights go out
And I hope I won't take it out on someone
And I don't wanna get over it
I don't wanna get over it
I don't wanna get over it
I want to know you feel it
If you knew me well you didn't show it
If this is what you wanted, way to blow it
You said I'm wasting all my time with all this thinking
I should let it go
And I should take a closer look and find a reason
Not to feel so low
But I always go
And it's all I see when the lights go out
It was just one night, I'm going out of my mind
And I don't wanna get over it
I don't wanna get over it
I don't wanna get over it
I want to know you feel it
But it's all I see when the lights go out
And I hope I won't take it out on someone
It's all I see when the lights go out
It was just one night, I'm going out of my mind
And I don't wanna get over it
I don't wanna get over it
I don't wanna get over it
I don't wanna get over it
I don't wanna get over it
I don't wanna get over it
I want to know you feel it
