

Since I...

Tobin Sprout

Break away, lift your feet off the ground
Cut the strings, slip away from the crowd
Breathe the air, taste the freedom you bought
For yourself, it's a wonderful joy
God it's been so long
Since I

God it's been so long
Since I
Break away, lift your feet off the ground
Cut the strings, slip away from the crowd
Breathe the air, taste the freedom you bought
For yourself, it's a wonder
God it's been so long
Since I

God it's been so long
Since I
Break away, lift your feet off the ground
Cut the strings, slip away from the crowd
Breathe the air, taste the freedom you bought
For yourself, it's a wonder
God it's been so long
Since I
God it's been so long
Since I
