The People's Elbow

Attack! Attack!

Oh the blood, oh the blood
Oh the massacre
Oh the blood, oh the blood
Oh the massacreYour love will run and hide
And leave me on my own
The true one will fall
So hard baby and that's why this hurtsI always thought that you would be the one
But baby, now just give me a chance
I always thought that you would be the one
But baby, just give me a chanceThis is the last chance you get what you want
And I'll never be the one to turn on you
And I get what I want and I said
I'll do anything, anything for youI'll pull apart this possibility
From one night stands
You give it away for just one night
I'll give you all I hadI always thought that you would be the one
But baby, just give me a chance
I always thought that you would be the one
But baby, just give me a chanceOh the blood, oh the blood
Oh the massacre
Oh the blood, oh the blood
Oh the massacre
