

Beautiful Scars

Madonna

Just take me with all my stupid flaws
Changing me's like shooting in the dark
Patience please, I'll never be as perfect as you want me to
Believe me I want it just as bad
Forgive me, wish I could change the past
Take it 'cause I'll never be as perfect as you want I think you're confusing me with somebody else
I won't apologize for being myself Take me with all of my beautiful scars
I love you the way that you are
I come to you with all my flaws
With all my beautiful scars I love you the way that you are
With all my beautiful scars Don't judge me, just gotta let me be
Accept me, although I'm incomplete
My imperfections make me unique that's my belief I think you're confusing me with somebody else
I won't apologize for being myself Take me with all of my beautiful scars
I love you the way that you are
I come to you with all my flaws
With all my beautiful scars
I love you the way that you are
With all my beautiful scars Never say never
Anything is possible
Always been a rebel
Overcoming obstacles
I can't give you perfect
But I can give you forever, oh ohoh Take me with all of my beautiful scars
I love you the way that you are
I come to you with all my flaws
With all my beautiful scars
I love you the way that you are With all my beautiful scars
With all my beautiful scars
