

Princess Castle 1987

PEACH KELLI POP

I saw you in a dream, I woke up from a scream
You glowed pink and green, death stare and laser beam
I saw you late at night, it gave me quite a fright
I knew it was you then, in 1987 Princess Castle 1987
Princess Castle, I'll see you in heaven
Princess Castle 1987,
I hope we meet again...
