Air To Breathe

Lumidee

You know exactly what to say
When I'm tryin' to get my way
You know exactly what to do
To shatter up my point of view
Maybe unhappy just feels just strange
And I can see it in your face
It bothers you to see me smile
I guess you'd rather see me down
It's hard enough to ease the pain
When you're not willin' to change
Placin' all the blame on me
At last there's finally air to breathe
It's hard enough to ease the pain
When you're not willin' to change
Placin' all the blame on me
At last there's finally air to breathe
It's somethin' that just gets inside
Of me that I cant even hide
It's breakin' me down piece by piece
How could you make me feel so weak?
I can't remember what's in love
'Cause me and you know it's not us
There ain't no kisses or no hugs
So what's the point we done gave up

It's hard enough to ease the pain
When you're not willin' to change
Placin' all the blame on me
At last there's finally air to breathe
It's hard enough to ease the pain
When you're not willin' to change
Placin' all the blame on me
At last there's finally air to breathe
Why, when I touch you
You push me aside?
Feelin' that you don't wanna try
Any kind of love you deny
Why, when I touch you
You push me aside?

Feelin' that you don't wanna try
Any kind of love you deny
It's hard enough to ease the pain
When you're not willin' to change
Placin' all the blame on me
At last there's finally air to breathe
It's hard enough to ease the pain
When you're not willin' to change
Placin' all the blame on me
At last there's finally air to breathe
