

# Worries (feat. Dwele)

## Robert Glasper Experiment

Everything's not exactly how it seems  
so many dealers out here sellin dreams  
But girl now I'm here, holding nothin but truth  
I won't disappear, girl ima be there for ya So no worries  
no worries cause im here  
no worries  
no worries cause Im here  
No worries

You have no worries cause im here  
no worries  
no worries cause Im here

All the girls say that all the good guys are gone  
but I've been standing right here all along  
right under your nose, but you was looking for something else  
now you know for sure, that ain't nobody else the best

Now you've got me  
you've got what you need  
you can just breathe  
cause now your free  
youve got me  
whoa  
so now you can breathe  
yeah yeah

I thought I was in happily ever after  
didn't have enough to keep her only catch her  
Now she's long gone, off to find somebody else  
now I'm all alone  
to figure it out by myself  
Now I got worries

I got worries try'na save you  
I got worries  
I got worries, wanna save her  
I got worries  
I got worries try'na save you  
I got worries  
I got worries, wanna save her

(You feel it)
