

Contract (feat. Iamsu)

GTA

First things first, girl tell me where your head's at
Are you a one night stand or a long term player?
Girl, listen, I ain't even try to hear it
Here's the pen, let me put you on a contract
Let me put you on a contract
Let me put you on a contract
Let me put you on a contract
Are you a one night stand or a long term player? Big body with it back at the garage
All I go is pull up with my entourage
Baby so bad, what you're waiting for?
Straight to the happy ending
We don't need massage
