

# The Way That It Goes

## Bad Company

That's the way it goes

I've been waiting for the perfect woman, to come and rescue me  
Well there she is and I can almost touch her, oh, but I just can't speak

Whooh yeahChorus:

Sometimes that's just the way that it goes, some you win, some you lose  
Sometimes that's just the way that it goes, there ain't much you can do  
I've been dreamin' 'bout a '50 shevy, dry and red of gleaming chrome  
Saved up my money and bought some beat up wagon, ooh but now I'm walking home

Don't you know -(chorus)

They say that life's the luck to the draw, well I ain't had no cards  
I only know that nothing's for sure, and the only luck's hard(solo)

Cars and girls on an endless highway, the all american dream  
Girl I'd better try, yeah try and find it, and it ain't what it seems

Don't you know -(chorus) (repeats 2x)

Sometimes...
