I Walk the Earth

King Biscuit Time

When I walk through the Earth
I get stuck in the middle
I can't see your love
I don't know your love

When I walk through the Earth
I get stuck in the middle
I can't see your love
I don't know your love

Why won't you take me away ?
Take me a day
Keep on riding higher
Why won't you take me away ?
Take me a day
Keep on rising higher

Hey, not me !
Pickin' on your own reality (repeat x8)

When I walk through the Earth
I get stuck in the middle
I can't see your love
I don't know your love

When I walk through the Earth
I get stuck in the middle
I can't see your love
I don't know your love

Why won't you take me away ?
Take me a day
Keep on rising higher

Why won't you take me away ?
Take me a day
Keep on rising higher

Hey, not me !
Pickin' on your own reality (repeat to the end)
