Bless the Telephone

Labi Siffre

It's nice to hear your voice again
I've waited all day long
Even wrote a song for you
It's strange, the way you make me feel
With just a word or two
I'd like to do the same for youIts nice to hear you say "hello"
And "how are things with you - I love you"
But very soon it's time to go
An office job to do
While I'm here writing songs for youStrange, how a phone call can change your day
Take you away, away
From the feeling of being alone
Bless the telephoneIt's nice, the way you say my name
Not very fast or slow, just soft and low
The same as when you tell me how you feel
I feel the same way too
I'm very much in love with you
