Promise Ring

Tiffany Evans

[Ciara]:
To the Beat
To the Beat
To the Beat
'Cause I need
Everybody to the floor(why)
'cause this beat is sick(yea)
It's time to rock(uh)
That's what it is
Tiffany is her name
Love is the game
The only way is to play is with this promise ring

[Tiffany]:
Sometimes a girl needs to that she's appreciated for all the things she does
With some sort of token of love
Cause without it her young heart won't know(heart won't know)
And right then to my surprise
(he)pulled out a small velour box pink ribbon tied
I'm wondering what's inside
He opened it then replied

(prechorus)
He said i promise not to hurt u i promise not to lie
Promise to befriend you and defend you with my life
I promise you forever,I promise you today
(he said) will you wear my promise ring

[chorus]
If you break your promise we breakinG up
Gotta couple things i want
Walks in the park and sweet things
If I rock your promise ring
I could be pretty young thing(young thing)
You could be my king(my king)
I gotta have you by me
Yes,I'll rock your promise ring

Yes,I'll rock your promise, promise ring
Yes I'll rock your promise

Yes I'll rock your promise ring

[Tiffany]
How in the world could a girl say no(no)
I knew it the moment he made my finger glow(glow)
It's good to know I'm who he chose(chose)
It was your heart he felt now it shows(now it shows)
Ya know when ya see me floss
No way it's ever gonna get loss(loss),I'm never takin this off(off)
When i'm older and they call me by your name
I'll wear it on a chain
Long as i can hear you say

[pre chorus]:

[chorus]:

[bridge:ciara]
Everybody get up rock
Rock to this beat
[Tiffany]
My name is Tiffany

[Ciara]
And you all know me

[Tiffany]

All my girls with me ,And all the boys like me
Come correctly,with a promise ring
And you,(and you)just might be my boo(my boo)
Promise that you''ll never let me go and boy i'll
Boy i'll wear your promise ring
All you have to do is say the word and boy i'll
Boy i'll wear your promise ring

just let me know(just let me know,just let me know)
All you gotta do is let me know(just let me know,just let me know)
You ain't going nowhere
i ain't going nowhere
I'll be on for sure but you gotta know that

[Chorus]
