

Quietly

Didascalis

 Quietly explodes your love
 Your insecurity is so soft to me
 I can't let you bleeding
 We are falling into us
 I see you dyin' in my eyes
 Just let it all go
 You left
 So am i
 We go insane
 Just let it all go
 You left
 So am i
 You leave on inside
 Quietly we arrive
 Your insecurity is so soft to you
 You can't let me bleeding
 We are falling into deep
 I'm dying in your open mouth
 Just let it all go
 You left
 So am i
 We go insane

 Just let it all go
 You left
 So am i
 You leave on
 You leave on inside
 So you care
 Leave them on
 So you care
 Leave them on with a shine
 And you can't go on with your life
 It's a fact we can't deny
 If you have to go, please go quiet
 Please go quietly
 Just let it all go
 You left
 So am i

We go insane
Just let it all go
You left
So am i
You leave on
You leave on inside
Let it all go
