The Notion

American Lies

She knows that I'm waiting by the door
I know that she's trying
To cover up staring at the floor
Let's go, don't say, maybe
Forget everyone around let's together and get down
I know it sounds crazy one, two, three times a lady
Oh no, I've got the notion
Let's get together and start the commotion
Round and round till everyone stops
'Til the next needle on the record player drops
It's almost time to say our goodbyes
And get home tonight
Let's do it up one more time
Show these people what we had in mind
Let's go, don't say, maybe
Forget everyone around let's together and get down
I know it sounds crazy one, two, three times a lady
Oh no, I've got the notion
Let's get together and start the commotion
Round and round till everyone stops
'Til the next needle on the record player drops
Oh no, I've got the notion
Let's get together and start the commotion
Round and round till everyone stops
'Til the next needle on the record player drops
Oh no, I've got the notion
Let's get together and start the commotion
Round and round till everyone stops
'Til the next needle on the record player drops
Oh no, I've got the notion
Let's get together and start the commotion
Round and round till everyone stops
'Til the next needle on the record player drops
