

I Found It In You

Ashanti

You know I've been searching for so long yea
Thinking to find that special one yea
And you came around and changed my life
But if was the best of me,
So thankful for you baby[Chorus]
Was lookin' for someone to love just me (and I found it in you)
Was searching for love unconditionally (yes I found it in you)
I needed someone I can live my dreams through (and I found it in you)
Yes I found it in you I use to think I'd never have true love no
There wasn't nobody just to take serious no
I use to hurt inside from a broken heart (you changed that)
You took the pieces and now my love increases oh yea I wish we could run away
Just me and you
Your my everything,
And no one can compare
To the joy you bring
And baby
I'm glad your mine finally
