

# Look Over Your Shoulder (1997 Remastered Version)

[Helen Shapiro](#)

Where you got nowhere to go  
And your pockets  
They ain't got nothing left to show When times are bad for you  
And you need someone else to help you Look over your shoulder  
I'll be standing right there Where, when people pass you by  
And they look at you  
Out of the corner of their eye When you feel very small  
Like you're not there at all Look over your shoulder  
I'll be standing behind you Yea, when life is down on you  
And everything you do turns out wrong  
If my love is strong  
I'll be there right behind you Where, when people put you down  
And your pride is not, it's not quite down to the ground  
When your whole world falls through  
And you need someone to help you Look over your shoulder  
I'll be standing behind you  
Yeah, look over your shoulder  
I'll be standing there
