Saturday Song

Cass McCombs

Saturday, Saturday While away Staring off into the red Moments outnumbering hairs on her head She's everything today You're everything today SaturdayWhile away, Saturday Lead me astray Nothing in the bank Nothing on my mind but a blank She's everything today You're everything today Saturday Saturday She's far away Empty houses and family plots So why is my stomach all in knots? She's everything today You're everything today SaturdayFar away, Saturday I've been betrayed Gentle breeze from the window Through which this guitar I could throw She's everything today You're everything today She's everything You're everything Saturday
