Chevy Nova

Ghoti Hook

Cruising out Friday night once again
In my 305 '71
A turbo hydromatic buzzing inside
As I wonder what I'll do for fun
It's by no means, what I'd call
A suped up perfect ride
But this baby's mine
And the body looks fine
So what if it runs slow?You want it
Come get it
My Chevy NovaThe carburetor doesn't fit
My six pack always stalls
The transmission got a leak to add
To the broken mount I saw
It's by no means, what I'd call
A suped up perfect ride
But this baby's mine
And the body looks fine
So what if it runs slow?You want it
Come get it
My Chevy NovaI know you think your Honda Hatchback's pretty cool
But with that spoiler son you look just like a foolYou want it
Come get it
My Chevy NovaYou want it
Come get it
My Chevy Nova
