That's What (It's All About)

A*Teens

That's what it's all aboutIt's midnight, we're feeling all right
Dressed up for a cruise tonight
Nothing can hold us back
We're alive and right on trackAll set, ready for a show
It's gotta blast, get outta control
Nothing can stop us now
There's a party going on too nowIf you say, that it's okay
We gotta start right nowThat's what it's all about, baby
That's the way that it's got to be
That's what is going on baby
That's right, that's rightThat's what it's all about, baby
That's what it comes down to baby
I want you to hear me out
That's what it's all aboutHalf past twelve
We're sneaking out the back door
Who said we couldn't stay out long?
Till the lights go out
We're gonna show what it's all aboutWe're gonna take it to the top
Never gonna stop
'Cause we might, do it till we drop
Spread the word around
When the drum rolls, time to get downThat's what it's all about, baby
That's the way that it's got to be
That's what is going on, baby
That's right, that's rightThat's what it's all about, baby
That's what it comes down to, baby
I want you to hear me out
That's what it's all aboutThere's nothing that can stop us now
I swear we'll always be around
If you say, that it's okay
We gotta start right nowThat's what it's all about
That's what it's all about, baby
That's what is going on
That's right, that's rightThat's what it's all about, baby
That's what it comes down to, baby
I want you to hear me out
That's what it's all aboutThat's what it's all about, baby
That's the way that it's got to be
That's what is going on, baby

That's right, that's rightThat's what it's all about, baby
That's what it comes down to, baby
I want you to hear me out
That's what it's all about
