Back for More

Industrial Skin and Bone

Mhm yeah
Tell me it's so .
Uhh well the kitchen on fire
But you .yes you keep on coming
You're coming back for more
You keep on turning
You tell them anymore
Mhm you got a bed
Let me .it's on the way
'Cause you set the kitchen on fire
And tell me who's there to call
But you keep on coming
Yeah you keep on running
Are you keep on turning
You tellin them .

He coming back for more
He coming back for more
He coming back for more
He coming back
Uh yeah .
And some burning down
So no one .to discover
That you keep on coming
And coming back for more
And you keep on running
You tell me who's there to cover
That you keep on coming back
You keep on coming back
You keep on coming back
You keep on coming back for more
Ohh ohh ahh
