

Only One

Sammy Adams

O-Only one
O-Only one o-one
O-Only one
You were so out of my league
like I was lost for words
I couldn't even begin to speak right
not to mention each night
Couldn't seem to spark that conversation
I kept stalling out just waiting
at the green light
g-g-g-green light
push the clutch and finally broke the damn ice
Would have done it sooner had I knew you were intrigued by me
Had no idea kept making these excuses
Now you're mine and I'm gon' prove it
I'm gon' prove it, I'm gon' prove it
Just had to say you're the only one
I can't deny it or stall any longer
Girl you have done the impossible
Can't even lie you're the only only only one
Ohhhhh
Girl you're the only one
Ohhhhh Ohhhhh
Girl you're the only one
Ohhhhh
Girl you're the only only only one
Girl, you would so be on that fly shit
And I can't even tell you or explain how wide my eyes get
When you walk in the room it's
hard to keep a friendly conversation
cuz everyone's stuck on my chick
my my my my my my chick
Everyone look at my chick
She got the touch and moves to make me lose it
when we grinding

She make the room light up but that's the last thing on her mind
Dude told me this would happen I just thought that he was lying
Just had to say you're the only one

I can't deny it or stall any longer
Girl you have done the impossible
Can't even lie you're the only only only one

Ohhhhhh

Girl you're the only one

Ohhhhhh

Girl you're the only one

Ohhhhhh

Girl you're the only only only one

Ohhhhhh

O-Only one

Ohhhhhh

O-Only one o-one

O-Only one

Crazy never thought this would happen

But your love knocked me out

So before I write a flatten

Any question thought or doubt

And now I'm stuck deeper

yup, and I swear it's true

But I can't go out and I can't look around

cuz none of these girls compare to you

Just had to say you're the only one

I can't deny it or stall any longer

Girl you have done the impossible

Can't even lie you're the only only only one

Ohhhhhh

Girl you're the only one

Ohhhhhh Ohhhhhh

Girl you're the only one

Ohhhhhh

Girl you're the only only only one
