

I Heart You

Toni Braxton

sitting here thinking of you,
with a candle lit, fantasizing
I feel your lips, your tender kiss
it's just ooh ooh oooh
what am I gonna do?
I love you, ooh I love you
drive me crazy thinkin bout you baby
I love you but you love her
drive me crazy what am I gonna do?
How I need, need you so much wanting your touch, it's so electric
it's like men in black
a full attack
when you ooh ohh ohh
darlin if you look at me
you would see how good it could be you can't deny it
damn I know it's strong
the way you turn me on
it's just ooh ooh oooh
what am I gonna do?
I love you, ooh I love you
drive me crazy thinkin bout you baby, I love you but you love her
drive me crazy what am I gonna do oooh?
I love you, I love you
I think I'm gonna dance
dance my troubles all away
dance
dance
I'm gonna dance
oooh ooh oooh
(chorus 2x)
I love, ohh I love you, you, I love you
