Big White Bird

Rusted Root

Are you the one taken by the sun?
Coming down
Riding the big white bird
Flyin' highI say one, where'd you go?
Three, whole miles in the setting sun
I say, "Are you the one, big white bird?
(In the wind?)
Are you the one, yeah?Are you the one taken by the sun?
Coming down
Riding the big white bird
Flyin' highI say, "Lions they, lions they, they gone to Rome"
(Rome?)
Lions they, lions they gone to Rome
Are you the one, big white bird?
(In the wind?)
Are you the one, yeah?[Unverified]
We'd already leave [unverified]I say one, two, three
Whole miles in the setting sun
I say, "Are you the one, big white bird?"
Are you the one, yeah?
