

Alone

Ben Harper

This empty room it fills my mind
Freedom is lease make it fine
Every single rope has break
But in this life you can't turn back I don't want to live
I don't want to live alone
Alone, alone, alone As these words are with my tongue
I question why they even sounds
I have promised but I lied
I don't even know myself inside I don't want to be
I don't wanna be here alone
Alone, alone, alone Today and tomorrow have become one
Every single thing that has become none
You' Monday child is a beast
What I've done most to show at the least Please don't leave me here
Please don't leave me here
Don't you leave me alone
Alone, alone, alone
