Alone

Ben Harper

This empty room it fills my mind Freedom is lease make it fine Every single rope has break But in this life you can't turn backI don't want to live I don't want to live alone Alone, alone, aloneAs these words are with my tongue I question why they even sounds I have promised but I lied I don't even know myself insideI don't want to be I don't wanna be here alone Alone, alone, aloneToday and tomorrow have become one Every single thing that has become none You' Monday child is a beast What I've done most to show at the leastPlease don't leave me here Please don't leave me here Don't you leave me alone Alone, alone, alone
