

# Whose Truth Is Your Truth

## Godflesh

who's your saviour?  
who's gonna slay you?  
beyond perception  
just deception  
believe in something  
die for nothing  
take all you can get  
but it's never over whose truth is your truth?  
who has the answers?  
how far can we go back?  
'cos we never go forward
