

Whoever We Are (feat. Rachel Assil)

Timbaland

Strange people in strange place,
Who cares if we don't fit in?
I'd rather be a misfit, at least I fit my skin
I'm on a runaway road to somewhere
I know it's not where is it to this
And if you try to break me softly
You can try, but you'll miss!Whoever you are you are you are you are
We're not the same,
and we'll never change whoever we are
We are we are all loved and lost
Where you can never treat me like I don't have a name,
Ooh oh oooh oh
Where you can never treat me like I don't have a nameYou're searching for an answer,
Come closer. Let me in!
I'd rather be an outcast, and trapped under your wings
I'm on a runaway road to somewhere
I know it's not where is it to this
And if you try to break me softly
You can try, but you'll miss!Whoever you are you are you are you are
We're not the same,
and we'll never change whoever we are
We are we are all loved and lost
Where you can never treat me like I don't have a name,
Ooh oh oooh oh
Where you can never treat me like I don't have a nameWe built a home here
You can stay, ooh I'll go
I could protect you
You are safe here
Don't you dare forget!!Ooh oh oooh oh
Where you can never treat me
You could never treat,
You could never treat meWhoever you are you are you are you are
We're not the same,
and we'll never change whoever we are
We are we are all loved and lost
Where you can never treat me like I don't have a name!
