Always And Forever

Marques Houston

I don't wanna be calling your phone
I don't care what time you get home
And I hate the fact that you live so damn close to me
I don't like that I can't stop thinking bout you
And I hate that you walk like you do (ohh baby)

But it's just something bout ya
And I just can't take it
Girl it's just something bout ya
And I just can't take it

It's your thighs, your lips, your calves, your lips,
It's your hair, did I mention your lips

[Chorus]
Why I behold you
Why do I want you
Always and forever
Always and forever

'Cause girl you got it
I'm goin' keep it
Oh you got me trippin' on you
So that's why I want you

Always and forever

I don't want to be pickin' you up,
Taking you on dates and shi*
I don't wana be payin' your bills,
Gettin' you all spoiled and shi*
Don't want you to decorate my house but I can't help it
Girl you make me feel so comfortable
I'd be damned if I let you go (oh)

But it's just something bout ya
And I just can't take it
Girl it's just something bout ya
And I just can't take it

It's your thighs, your lips, your calves, your lips,
It's your hair, did I mention your lips

[Chorus]

'Cause girl you got it
I'm goin' keep it
Oh you got me trippin' on you
So that's why I want you
Always and forever

I try hard to keep my cool but I
Can't live, I can't, I shake cause I'm
So strung on you
But its cool cause I'm gettin' all my hits from you
And girl it gets to me the way that I'm feelin'
It's so crazy cause I don't know how I'm dealin'
Girl if I lose you I'm done
'Cause I know you're that one

[Chorus]
Why I behold you
Why do I want you
Always and forever
Always and forever

'Cause girl you got it
I'm goin' keep it
Oh you got me trippin' on you
So that's why I want you
Always and forever
