Really Don't Care

[KIDZ BOP Kids](#)

You wanna play, you wanna stay, you wanna have it all
You started messing with my head until I hit a wall
Maybe I should've known, maybe I should've known
That you would walk, you would walk out the door, hey!Said we were done, then met someone and rubbed it in my face
Cut to the part, she broke your heart, and then she ran away
I guess you should've known, I guess you should've known
That I would talk, I would talkBut even if the stars and moon collide
I never want you back into my life
You can take your words and all your lies
Oh oh oh I really don't care
Even if the stars and moon collide
I never want you back into my life
You can take your words and all your lies
Oh oh oh I really don't care
Oh oh oh I really don't careI can't believe I ever stayed up writing songs about you
You don't deserve to know the way I used to think about you
Oh no not anymore, oh no not anymore
You had your shot, had your shot, but you let goNow if we meet out on the street I won't be running scared
I'll walk right up to you and put one finger in the air
And make you understand, and make you understand
You had your chance, had your chanceBut even if the stars and moon collide
I never want you back into my life
You can take your words and all your lies
