

# Not About Me

IDMC

V1

You shouldn't live for yourself no more, UNITED WE STAND  
Give a helping hand to your fellow man, DIVIDED WE FALL  
We're living in a selfish time right now, EVERY ONES'S FOR THEM SELF  
If we just try we all can be all be friendsRISE 1  
Why don't we give the world a second chance? And contribute to make a better placeHOOK  
Hey it's not about me, it's not about you  
It's about what we can do for each other  
Hey it's not about me, it's not about you  
It's all the things that we doV2

Don't you know God came and gave his life, FOR ONE AND ALL  
So we can live in peace and joy and love, LET'S STOP ALL THE WARS  
All this hate was never in His plan, IT'S TIME FOR A CHANGE  
So come on brother man, let's all join handsRISE 2  
And raise them high and let us show the world  
That we are one, and here's a fact  
My God design it that we all be friends  
So come on now, let's try againHOOK
