Moments Like This

The Afters

Here we are on top of the stars
Never thought we'd ever get this far
We live for moments like this
We come alive in moments like this

Here we are this is the time
Like a dream coming to life
We live for moments like these
We come alive in moments like these

I try to take a breath. Thoughts racing through my head.
I try to capture it, but a picture can't hold what a heart is feeling.
I just wanna stop the world from spinning,
Slow it all down for a minute so that I can take it in.

Here we are on top of the stars
Never thought we'd ever get this far
We live for moments like these
We come alive in moments like these
Here we are, this is our time.
Like a dream coming to life.
We live for moments like this.
We come alive in moments like this.
In moments like this

I don't wanna close my eyes. I'm feeling so alive.
I try to find the words, but no words can say what my heart is feeling.
I just wanna stop the world from spinning,
Slow it all down for a minute so that I can take it in.

Here we are on top of the stars
Never thought we'd ever get this far
We live for moments like these
We come alive in moments like these
Here we are, this is our time.
Like a dream coming to life.
We live for moments like this.
We come alive in moments like this.
In moments like this

We'll hold up a light, burning holes in the night
When we are here, when we are here.
So we'll hold up a light, burning holes in the night
When we are here, when we are here.

Moments like this
Moments like this

Here we are on top of the stars
Never thought we'd ever get this far
We live for moments like these
We come alive in moments like these
Here we are, this is our time.
Like a dream coming to life.
We live for moments like this.
We come alive in moments like this.
In moments like this
