Musiq Soulchild

Huh, yeah it's Musiq Soulchild, huh yeah
It feels good right here, huh
It feels good right here, huh
Come on y'all, huh, listen y'all yeah
Hey y'all, hey y'all
Don't you ever let no one tell you to grow up
And give up on your dreams
Hey y'all, hey y'all
Ain't nothing worse than to let someone tell you to grow up
And give up on your dreams
Hey y'all, hey y'all
Yeah see, everybody's got something that they want to be in life
And I'm sure it's something that you may have wanted to try
It don't matter how old you are or how many dreams you have
Or how many people got your back let me tell you
Hey y'all, hey y'all
Don't you ever let no one tell you to grow up
And give up on your dreams
Hey y'all, hey y'all
Don't you ever let no one tell you to grow up
And give up on your dreams
Yeah see, everybody's got something that they want to be in life
And I'm sure it's something that you may have wanted to try
It don't matter how old you got, or how many kids you got
Or how many things you gotta do, let me tell you
Hey y'all, hey y'all
Don't you ever let no one tell you to grow up
And give up on your dreams
Hey y'all, hey y'all so don't you ever let no one tell you to grow up
And give up on your dreams
Oh up, yeah see
Don't worry you can do it baby
Ain't really nothing to it baby
Take your time and you can do it
'Cause whatever you want it's all up to you it ain't hard
I promise you can get it but in order for you
To get it you gotta be in it
And once you in it you can win it
'Cause whatever you want it's all up to you it ain't hard

Hey y'all, hey y'all
Don't you ever let no one tell you to grow up
And give up on your dreams
Hey y'all, hey y'all
So don't you ever let no one tell you to grow up
And give up on your dreams
Hey y'all, hey y'all ain't
Nothing worse than to let someone tell you to grow up
And give up on your dreams
Hey y'all, hey y'all
So don't you ever let no one tell you to grow up
And give up on your dreams
Hey y'all, hey y'all ain't
Nothing worse than to let someone tell you to grow up
And give up on your dreams
Hey y'all, hey y'all
So don't you
