So Listen

Cody Simpson

I've been trying to find the right words
But they always seem to hit the page wrong
You see I tend to fight words
I breathe 'em into life, and they're gone
I need some louder speaking actions
They do what letters could never do
You see, you are my addiction
I need more than words to show you
So listen to me, listen
Listen to my heartbeat
I'd like to think you understand me
But I never really like to assume
So you never have to ask me
I'ma let my actions tell you the tru-hu-huth
For you-hu-hu-hu
There is nothing I wouldn't go through-hu-hu-hu
And if you need some proo-hu-hu-oof
You can find it in what I do-hu-hu-hu
And I could tell you everyday
Just how much I want you
I-I-I-I I've never been good with words

But I went and wrote this song for you
So listen to me, listen
Listen to my heartbeat
So listen to me, listen
Listen to my heartbeat
Listen to my heartbeat
Listen to my heartbeat
Baby I need you to listen, open up your ears
Pay attention, let go of your fears
I'm not trying to be that dude that got those people in your business
I'm just trying to love you, can I get a witness?
Oh. Woah
Let the church say amen (amen)
Cause I know that you need a man and I'm gon' do whatever I can
Cause stop with all this and get to the kissing
You know what your missing
So listen to me, listen

Listen to my heartbeat
So listen to me, listen
Listen to my heartbeat
Listen to my heartbeat
Listen to my heartbeat
