

Still Hurts

Therapy?

Help me
I'm stuck
Marooned inside my skull
I can't escape
A prison I can't break This feeling's never left me
I want an easy mind
I hear the judges judging
Shut up Each year
It gets worse
It won't stop
Still hurts I give up
You've won
I give it all to you
I'm helpless
I'm dumb
I watch the world on mute
