Losing Transmissions

Honeydogs

Over the airwaves
Under the Radar
Say it again it's not sinking in

Losing transmissions
Family traditions
You can lead a boy to water
But you can't make him listen to you

And I can't hear a single word you're sayin'
When I'm playin'
Turn the radio down
The signal's fading
Try to listen
Losing transmissions

Winter of '99
Borrowing all the time
Robbed Peter then we sucker punched Paul
Temporarily disconnected
Worse than you expected
Sorry but I'm tuning you out of my addled brain

And I can't hear a single word you're sayin'
When I'm playing
Turn the radio down
The signal's fading
Try to listen
I'm losing transmissions

Broken records [play for free]
Keeps playing
Are you calling my name

I can't hear you

50 yard stare
Is there anyone there
We cruise the stars
But the world ain't ours anymore
Play it again
I always blow it
The check's in the mail
But the cops don't know it
Sorry but I'm tuning you out of my addled brain

I can't hear a single word you're sayin'
When I'm playin'
Turn the radio down
The signal's fading
Signal's breaking
I can't hear a single word you're saying
When I'm playing
Shout out an alert
[in the flaking]
Signal's breaking
I can use [an awaken]
But I tried to listen

Losing transmissions
Losing transmissions
(I can't hear you) Losing transmissions
(I can't hear you) Losing transmissions
