Thursday

The Futureheads

Can anybody do
The curse removal
Is anyone here
Feeling helpful?
It's twenty-four years since we've had this curse
So find it in your hearts to put to you

You should feel like it's all okay
But everyday it still feels like a Thursday
You should feel like it's all okay
But everyday it still feels like a Thursday

I know it's no concern
(No, it's, no, it's, no, it's, oh)
How we got this low
Trying to get rid of it
Is as hard as rock

Hard as rock
Hard as rock

You should feel like it's all okay
(Feels like, okay, okay)
But everyday it still feels like a Thursday
(Everyday, okay, Thursday)
You should feel like it's all okay
(Feels like, okay, okay)
But everyday it still feels like a Thursday
(Everyday, okay, Thursday)
