Got No Secrets

Brendan Benson

I got no secrets
When I was a young boy I was beat up by my dad
I grew up fast, I took drugs and now I'm in rehab
There's a girl that I know and she's only seventeen
She said I was her favorite you know what I mean
Now I feel okay
But every night before I sleep
I wish I had kept it to myself for me to keepI got no secretsAnd all the kids at my school thought I was the enemy
Teachers diagnosed psychosis in need of therapy
One or two times daily now
My doctor has prescribed save me from myself
Cause I've tried suicide
Now I feel okay
But every night before I sleep
I wish I had kept it to myself
For me to keepI got no secrets
