

U Boat

Kasabian

I sit and wait for you
'Cause this was never over
I hear the talk in codes
If you want me, then come get me
You want me, so come get me I'm standing with my allies
Sellin' arms to strangers
Watch them shoot ya down There ain't nothin' I will say to you
But I know your eyes are fearin'
I watch as you creep by
I'll find my way, won't let go
I'll find my way, won't let go I'm standing with my allies
Sellin' guns to strangers
Still don't let me sin
